It explains how to be involved in agreeing the school priorities, challenging effectiveness and value for money of the plan and ensuring clear success criteria.

On this webinar you will learn:

- The boards role in the School Improvement Plan
- What does a good plan look like?
- How to monitor cost effectiveness of the plan
- How to check that all objectives are SMART
- Ensuring clarity of success criteria

All delegates receive an electronic copy of the presentation and supporting materials and resources to help them be more impactful in their governance role.
