

How to monitor and manage strategic risks for your school or trust

Risk Management is an expectation and good practice for all boards. It is a legal requirement for academies. Effective Risk Management can help mitigate against and minimise potential strategic risks that could impact a school or Trust. This course provides practical guidance on how boards should utilise risk management. It explains how to create a risk management plan and develop a risk aware approach to strategic leadership and internal scrutiny.

What you will learn:

- Expectations of maintained schools, academies and multi academy trusts (MATs)
- What is risk management?
- The risk management process
- Understanding the internal audit/audit scrutiny process
- How to lead an Audit and Risk Committee (trusts only)

All delegates receive an electronic copy of the presentation and supporting materials and resources to help them to be more impactful in their governance role.

Who should attend?

Any governors and trustees who want to learn more about effective risk management. This webinar is suitable for schools, academies and multi academy trusts **and particularly members of a Trust's audit and risk committee.**

Tutor

Rosemary Lovatt is a highly experience governance consultant who ran the DfE governance leadership programme across the country for three years and within Essex for a further three years. she has extensive experience of undertaking governance reviews and designing, developing and delivering training for governors and trustees.
