

Governance of SEND and Inclusion WEBINAR

This governance training provides practical guidance on the governance of SEND and ensuring your school is inclusive.

- What are the statutory roles and responsibilities relating to SEND?
- What is the SEND Engagement Model and your responsibilities?
- What it means to be an inclusive school
- How to monitor SEND finances and value for money
- How to monitor all aspects of SEND
- How to hold to account for provision and outcomes of SEND pupils
- How to develop a SEND governance action plan
- Sources of information and guidance to help you in your SEND governance role

All delegates will receive an electronic copy of the presentation and supporting materials and resources to help them to be more impactful in their governance role.

Our aim is to give you the confidence and tools to improve your governance as quickly and effectively as possible. All our training is provided by National Leaders of Governance who are experienced governance trainers. Our training can be provided as webinars, bespoke sessions for your board or group of schools or face to face sessions (subject to social distancing guidance).

About NLGs

National Leaders of Governance (NLGs) are experienced chairs of governing boards. All NLGs have been through a rigorous designation process from the National College of Teaching and Leadership (NCTL), a part of the Department for Education (DfE), to demonstrate that we have the skills, experience and attributes to be a National Leader of Governance. All NLGs are either actively chairing standalone schools or academies, local governing boards or multi academy trust (MAT) trust boards or have done so within the last five years. All NLGs are trained to support governors through mentoring and coaching and provide governance services which are quality assured.
