

NASBTT Accredited Level One Mentor Training (Primary and Secondary)

Who is this programme for?

This one day course is suitable for both Primary and Secondary mentors of Initial Teacher Trainees (ITT), Newly Qualified Teachers (NQTs), and aspiring or inexperienced mentors new to the role.

Outcomes

Delegates will increase their knowledge and understanding of effective mentoring and coaching. They will consider

- What is Mentoring?
- The Mentor-Mentee relationship
- Mentoring skills
- Setting SMART targets
- An introduction to coaching
- Giving feedback

Mentors will gain a nationally recognised qualification, Level 1 Effective Mentoring and Coaching qualification accredited by The National Association of School-Based Teacher Trainers (NASBTT). This will enable schools to support their trainees, and Newly Qualified Teachers when the proposed 2 year Newly Qualified Teacher induction is introduced by the Department of Education as part of the Early Career Framework (ECF).

Who are the Trainers?

The course is delivered by Suzanne Haskins, a National Leader of Education and Essex Headteacher. Suzanne is a very experienced facilitator who has developed and delivered a range of leadership development programmes. Suzanne has been accredited by The National Association of School-Based Teacher Trainers (NASBTT) to deliver this course.

How will my School benefit?

Schools will have accredited mentors who have the appropriate accreditation and therefore are able to mentor trainee teachers, and Newly Qualified Teachers effectively when the 2-year NQT induction is introduced. Trainees and Newly Qualified Teachers will benefit from having a qualified mentor who can challenge, support and guide them during those crucial early years of teaching, supporting them in their journey to be the best teacher that they can be!

How will my students benefit?

Students will in turn benefit from having a skilled and motivated teacher who feels supported to provide the high quality teaching that leads to the best possible outcomes for students.

Programme Logistics
